

Name: Vighnesh Jaysing Sangaonkar.

# ASSIGNMENT NO: 2

## Super Market Sales Dashboard

### 1) Overall Sales Performance:

- Gross Income: 15.38K
- Total Sales Revenue: 322.97K
- Cost of Goods Sold (COGS): 307.59K

### 2) Sales Target Achievement:

- The quantity sold is 10, which exceeds the goal of 1.0K by 99.04%.

### 3) Payment Distribution:

- Payments are made through Cash, Credit Card, and E-wallet.

- Cash and Credit Card payments show similar gross income and total values.

#### **4) Tax and City Analysis:**

- The Sum of Tax 5% by Quantity and City graph shows sales trends for Mandalay, Naypyitaw, and Yangon.
- Sales in these cities follow a similar pattern, but Yangon appears to have the highest peaks.

#### **5) Payment Trends by Date:**

- The Count of Payment by Date bar chart indicates a steady number of transactions on different days.

#### **6) Product Line and Branch Analysis:**

- Product sales are evenly distributed across branches (A, B, C).
- The count of product lines is categorized by payment method (Cash, Credit Card, and E-wallet).

#### **7) Unit Price and Quantity Distribution:**

- A pie chart shows the breakdown of unit prices by quantity, with segments ranging from 4.8K to 6.66K in different percentages.
